

## STUDENTSHIP IN QUANTUM PHOTONICS LAB

Quantum Photonics Laboratory (<http://photon.fuw.edu.pl>) within the Faculty of Physics of the University of Warsaw seeks to fill a student position. The position is within the “Phase-only shaping of light pulses for applications in quantum technologies” project, funded by the Foundation for Polish Science First Team programme.

We seek motivated candidates pursuing their degrees in physics and related disciplines. Previous experience in numerical simulations or in experimental work in a photonic laboratory will be an asset. We expect an understanding of the basic concepts of quantum information processing commensurate with the candidate’s level of education.

We offer participation in a cutting-edge research project, which aims to combine recent developments in quantum optics with state-of-the-art radio-frequency optical modulation methods to realize highly efficient optical encoding of quantum information and quantum key distribution protocols. You will work on numerical simulations of unitary transformations of optical pulses and/or experimentally on time-frequency transformations of single-photon pulses using electro-optic phase modulation.

The position is funded for up to 19 months, with a monthly stipend of 1500 PLN. A research stay with one of our international partners (Paris/Southampton/Saarbrücken/Innsbruck) is possible.

The deadline for applications is 7th December 2020. Selected candidates may be invited for online interviews which are scheduled for 10th December 2020. Please submit a CV, a copy of your academic transcripts (BSc and MSc) in a single email message with pdf attachments to [michal.karpinski@fuw.edu.pl](mailto:michal.karpinski@fuw.edu.pl) by midnight on 7th December 2020. The applicants are encouraged to nominate at least one senior academic who may be contacted to provide a reference. You may be requested to provide originals of the submitted documents.

Due to the entry into force of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016, please include a clause expressing your consent to the processing of your personal data by the University of Warsaw for the purpose of carrying out the recruitment process in your application documents.
