FORM FOR EMPLOYERS

INSTITUTION	UNIVERSITY OF WARSAW, FACULTY OF PHYSICS
CITY	WARSAW, POLAND
POSITION	assistant professor
GROUP	researchers
DISCIPLINE	<i>physical sciences</i>
NUMBER OF POSITIONS	1
POSTED	June 12th, 2024
EXPIRES	July 12th, 2024
WEBSITE	www.fuw.uw.edu.pl
KEY WORDS	physics, mathematical physics

DESCRIPTION (field, expectations, comments):

The Post-doc position will be devoted to the study of bosonic many-body systems from a mathematical perspective. Topics of research include correlations in the Gross-Pitaevskii regime, Bogoliubov theory and derivation of effective dynamics. The Post-doc position will be financed under the project “Mathematics of the Bose gas - dynamics, correlations and fluctuations” financed by the Polish National Science Center under the Sonata Bis 13 programme whose PI is dr hab. Marcin Napiórkowski.

The candidate must meet the conditions set by the National Science Center for people employed in a post-doc position. In particular, the person employed for this position must have a doctoral degree obtained no earlier than 7 years before the year of employment in the project. This period does not include breaks related to maternity leave, additional maternity leave, leave on the conditions of maternity leave, additional leave on the conditions of maternity leave, paternity leave, or parental leave granted on the terms specified in the provisions of the Labor Code or the receipt of sickness allowance or rehabilitation benefits in connection with incapacity for work, including those caused by diseases requiring medical rehabilitation. For women, the indicated 7-year period may be extended by 18 months for each child born or adopted. A woman can choose a more favorable way to indicate breaks in her scientific career.

The employment will take place in accordance with the NCN regulations, in particular the employed person must meet the following conditions jointly:

- the principal investigator was not a supervisor or assistant supervisor of her doctoral dissertation;

- their PhD degree has been awarded by another institution than the one planned to employ them at this post or they have completed a continuous and evidenced post-doctoral fellowship of at least 10 months in another institution than the host institution for the project and in another country than the one in which they have been conferred a PhD degree;
- at the time of receiving remuneration, they will not be receiving any other remuneration paid from the funds granted to research projects under NCN calls under the heading of direct costs;
- in the period of receiving the remuneration they will be receiving no remuneration from another employer pursuant to an employment contract, including an employer with registered office outside of Poland;
- during the period of receiving this remuneration, he will not receive retirement benefits from the social security system.

The candidates have to conform to the conditions stated in art. 113 of Higher Education Law dated 20.07.2018 (Journal of Laws of the Republic of Poland 2023, item 742 with subsequent amendments).

The requirements:

The call is open to candidates conducting research in the field of mathematical physics, whose knowledge and skills will allow them to conduct research in the area of mathematical, many-body quantum mechanics regarding boson gas.

Requirements:

- availability to begin working no later than November 1st, 2024;
- very good knowledge of English.

Key responsibilities:

- carrying out research concerning the project;
- publishing the results of the research in leading international journals in the given field of science.
